

SAFETY WHIP CHECK CABLE

Suitable to prevent injuries or accidents resulting from hose or coupling failure. Safety whip check extends across the hose fittings to give standby safety for hose.

TECHNICAL CHARACTERISTICS

CONSTRUCTION	1. Steel cable 2. Aluminium Clip 3. Steel Spring 4. Aluminium Clip
MATERIAL	Carbon Steel
APPLICATIONS	Air, waterblast, drilling, steam, concrete, sandblast, or other high pressure applications.
SAFETY FACTOR	5:1
MAXIMUM PRESSURE	200 PSI

Part #	Size (inch)	L (mm)	A (hose sizes)
IWC12	1/8"	550	for hoses 1/2" - 1 1/4"
IWC25	1/4"	956	for hoses 1 1/2" - 3"
IWC38	3/8"	1100	for hoses 4"
